

We will no longer be requiring reservations and walk-in customers are welcome. There will be a thorough sanitizing every two hours and masks are required when entering the building.

Everyone must enter through the front door only. No entry permitted through side doors. As you enter you will see a small table with disinfectant and sanitizer. First, you must spray the bottom of your shoes with disinfectant. Next, apply hand sanitizer to your hands. Both containers are labeled.

Everyone must check in at the front desk before proceeding to climb. We will be taking temperatures at check in. If your temperature is 100.4 or higher, you will not be permitted to enter the gym until 48 hours after your fever has subsided. You will also be required to answer Covid-19 safety questions. Everyone is required to fill out a new waiver, as Covid-19 language has been added.

There will be no chalk rentals, but shoe and harness rentals will be available. The chalk filling station will be closed and no one is permitted to refill their chalk bag inside the gym. This must be done outside, or at home. No loose chalk permitted. Chalk will continue to be available for sale. We ask that you do not share your chalk bag with anyone.

No one is permitted to use the water fountain. Please bring your own or purchase at the front counter.

Hand sanitizer will be available throughout the gym. To help avoid a shortness of supply, we ask that you bring your own. Please sanitize after every climb, or wash thoroughly with soap and water. Avoid touching your face. Cough or sneeze to your inside elbow.

We will be maintaining social distancing of 6 feet. No climbing on adjacent ropes. If you are unclear about this, please see a staff person.

We recommend that you climb with the same partner throughout your session, as a way of limiting direct contact with multiple partners.

While we are taking your health and safety and that of our staff very seriously by putting in place new safety and sanitization measures, we cannot guarantee that any of these measures will protect you from contracting Covid-19.

We appreciate your cooperation during this challenging time and we look forward to seeing everyone back on the walls!
